PART ONE: SAFEGUARDING POLICY

Ratified by the Governing Body **January 2018**

To be reviewed (annually) August 2022.....

1. INTRODUCTION

1.1 Safeguarding is defined as –

- Protecting children from maltreatment;
- Preventing impairment of children's health or development;
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to have the best life chances.

1.2 Hyderi Islamic School is committed to safeguarding and promoting the welfare of all its pupils/students. We believe that:

- All children/young people have the right to be protected from harm;
- Children/young people need to be safe and to feel safe in school;
- Children/young people need support which matches their individual needs, including those who may have experienced abuse;
- All children/young people have the right to speak freely and voice their values and beliefs;
- All children/young people must be encouraged to respect each other's values and support each other;
- All children/young people have the right to be supported to meet their emotional, and social needs as well as their educational needs – a happy healthy sociable child/young person will achieve better educationally;
- Schools can and do contribute to the prevention of abuse, victimisation, bullying, exploitation, extreme behaviours, discriminatory views and risk taking behaviours; and
- All staff and visitors have an important role to play in safeguarding children and protecting them from abuse.

1.3 Hyderi Islamic School will fulfil their local and national responsibilities as laid out in the following documents:-

- [Working Together to Safeguard Children \(DfE 2013\)](#)
- [Keeping Children Safe in Education: Statutory guidance for schools and colleges \(DfE April 2014\)](#)
- [The Procedures of Birmingham Safeguarding Children Board](#)
- [The Children Act 1989](#)
- [The Education Act 2002 s175 / s157](#)

- [Mental Health and Behaviour in Schools: Departmental Advice \(DfE 2014\)](#)

2. OVERALL AIMS

2.1 This policy will contribute to safeguarding our pupils/students and promoting their welfare by:

- Clarifying standards of behaviour for staff and pupils/students; • Contributing to the establishment of a safe, resilient and robust ethos in the school, built on mutual respect, and shared values • Introducing appropriate work within the curriculum;
- Encouraging pupils/students and parents to participate; • Alerting staff to the signs and indicators that all might not be well; • Developing staff awareness of the causes of abuse;
- Developing staff's awareness of the risks and vulnerabilities their pupils/students face;
- Addressing concerns at the earliest possible stage; and • Reducing the potential risks pupils/students face of being exposed to violence, extremism, exploitation, or victimisation

2.2 This policy will contribute to supporting our pupils/students by:

- Identifying and protecting the most vulnerable
- Identifying individual needs where possible; and
- Designing plans to meet those needs.

2.3 This policy will contribute to the protection of our pupils/students by:

- Including appropriate work within the curriculum;
- Implementing child protection policies and procedures; and • Working in partnership with pupils/students, parents and agencies.

3. KEY PRINCIPLES

3.1 These are the key principles of safeguarding:

- Always see the child first.
- Never do nothing.
- Do with, not to, others.
- Do the simple things better.
- Have conversations, build relationships.
- Outcomes not outputs.

4. KEY PROCESSES

4.1 All staff should be aware of the guidance issued by Croydon Safeguarding Children Board.

5. EXPECTATIONS

5.1 All staff and visitors will:

- Be familiar with this safeguarding policy;
- Be subject to Safer Recruitment processes and checks, whether they are new staff, supply staff, contractors, volunteers etc.
- Be involved in the implementation of individual education programmes, integrated support plans, child in need plans and interagency child protection plans;
- Be alert to signs and indicators of possible abuse (See Appendix One for current definitions and indicators);
- Record concerns and give the record to the Designated Safeguarding Leads *Mrs Aoni Hussain* ; and Ms Shabniz Kaaba • Mrs Atiya Moosavi. Deal with a disclosure of abuse from a child in line with the guidance in Appendix Two - you must inform the Designated Safeguarding Lead immediately, and provide a written account as soon as possible;

6. THE DESIGNATED SAFEGUARDING LEAD

6.1 Our Designated Safeguarding Leads on the senior leadership team are *Mrs Aoni Hussain and Mrs Atiya Moosavi*. They have lead responsibility and management oversight and accountability for child protection and, with the Head Teacher / Principal Mrs Shabniz Kaba, will be responsible for coordinating all child protection activity.

6.2 The Designated Safeguarding Leads will lead regular case monitoring reviews of vulnerable children. These reviews must be evidenced by minutes and recorded in case files.

6.3 When the school has concerns about a child, the Designated Safeguarding Lead will decide what steps should be taken and should advise the Head Teacher / Principal.

6.4 Child protection information will be dealt with in a confidential manner. Staff will be informed of relevant details only when the Designated Safeguarding Lead feels their having knowledge of a situation will improve their ability to deal with an individual child and / or family. A written record will be made of what information has been shared with whom, and when.

6.5 Child protection records will be stored securely in a central place separate from academic records. Individual files will be kept for each child: the school will not keep family files. Files will be kept for at least the period during which the child is attending the school, and beyond

that in line with current data legislation and guidance.

6.6 Access to these records by staff other than by the Designated Safeguarding Lead will be restricted, and a written record will be kept of who has had access to them and when.

6.7 Parents will be aware of information held on their children and kept up to date regarding any concerns or developments by the appropriate members of staff. General communications with parents will be in line with any home school policies and give due regard to which adults have parental responsibility.

6.8 Do not disclose to a parent any information held on a child if this would put the child at risk of significant harm.

6.9 If sending by post pupil records will be sent by "Special/Recorded Delivery". For audit purposes a note of all pupil records transferred or received should be kept in either paper or electronic format. This will include the child's name, date of birth, where and to whom the records have been sent and the date sent and/or received.

6.10 If a pupil/student is permanently excluded and moves to another provision, child protection records will be forwarded on to the relevant organisation.

6.11 Where a vulnerable young person is moving to a Further Education establishment, consideration should be given to the student's wishes and feelings on their child protection information being passed on in order that the FE establishment can provide appropriate support.

6.12 When a Designated Safeguarding Lead resigns their post or no longer has child protection responsibility, there should be a full face to face handover/exchange of information with the new post holder.

6.13 In exceptional circumstances when a face to face handover is unfeasible, the Head Teacher / Principal will ensure that the new post holder is fully conversant with all procedures and case files.

7. THE GOVERNING BODY

7.1 The Governing Body are the accountable body for ensuring the safety of the school

7.2 The governing body will ensure that:

- The school has a safeguarding policy in accordance with the procedures of Croydon Safeguarding Children Board;
- The school operates, "safer recruitment" procedures and ensures that appropriate checks are carried out on all new staff and relevant volunteers;
- At least one senior member of the school's leadership team acts as a

Designated Safeguarding Lead;

- The Designated Safeguarding Lead attends appropriate refresher training every two years;
- The Head Teacher / Principal and all other staff who work with children undertake training at three yearly intervals;
- Temporary staff and volunteers are made aware of the school's arrangements for child protection and their responsibilities;
- Hyderi Islamic school remedies any deficiencies or weaknesses brought to its attention without delay; and
- Hyderi Islamic school has procedures for dealing with allegations of abuse against staff/volunteers.

7.3 The governing body reviews its policies/procedures annually

7.4 The Nominated Governor is responsible for liaising with the Head Teacher / Principal and Designated Safeguarding Lead over all matters regarding child protection issues. The role is strategic rather than operational – they will not be involved in concerns about individual pupils/students.

7.5 A member of the governing body (usually the Chair) is nominated to be responsible for liaising with the local authority and other partner agencies in the event of allegations of abuse being made against the Head Teacher / Principal.

8. A SAFER SCHOOL CULTURE

Safer Recruitment and Selection

8.1 The school pays full regard to 'Keeping Children Safe in Education' (DfES 2014). Safer recruitment practice includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. It also includes undertaking interviews and undertaking appropriate checks through the Disclosure and Barring Service (DBS).

8.2 All recruitment materials will include reference to the school's commitment to safeguarding and promoting the wellbeing of pupils.

Staff support

8.4 We recognise the stressful and traumatic nature of child protection work. We will support staff by providing an opportunity to talk through their anxieties with the Designated Safeguarding Lead and to seek further support as appropriate.

OUR ROLE IN THE PREVENTION OF ABUSE

9.1 We will provide opportunities for pupils/students to develop skills, concepts, attitudes and knowledge that promote their safety and well being.

Other areas of work

9.2 All our policies which address issues of power and potential harm, for example bullying, equal opportunities, handling, positive behaviour, will be linked to ensure a whole school approach.

9.3 Our safeguarding policy cannot be separated from the general ethos of the school, which should ensure that pupils/students are treated with respect and dignity, taught to treat each other with respect, feel safe, have a voice, and are listened to.

10. SAFEGUARDING PUPILS/STUDENTS WHO ARE VULNERABLE TO EXTREMISM,

10.1 Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

10.2 Hyderi Islamic School values freedom of speech and the expression of beliefs / ideology as fundamental rights underpinning our society's values. Both pupils/students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

10.3 The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. Hyderi Islamic School is clear that this exploitation and radicalisation should be viewed as a safeguarding concern.

10.4 Definitions of radicalisation and extremism, and indicators of vulnerability to radicalisation are in Appendix Four.

10.5 Hyderi Islamic School seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White

Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

Risk reduction

10.6 The school governors, the Head Teacher/Principal and the Designated Safeguarding Lead will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include consideration of the school's RE curriculum, SEND policy, assembly policy, integration of pupils by gender and SEN, anti-bullying policy and other issues specific to the school's profile, community and philosophy.

10.7 This risk assessment will be reviewed as part of the annual s175 return that is monitored by the local authority and the local safeguarding children board.

Response

10.8 Our school, like all others, is required to identify a Prevent Single Point of Contact (SPOC) who will be the lead within the organisation for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism: this will normally be the Designated Safeguarding Lead. The SPOC for Hyderi Islamic School is Mrs Aoni Hussain/Mrs Shabniz Kaaba/Mrs Atiya Moosavi.¹ The responsibilities of the SPOC are described in Appendix Five.

10.9 When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the SPOC and to the Designated Safeguarding Lead if this is not the same person.

10.10 Numerous factors can contribute to and influence the range of behaviours that are defined as violent extremism, but most young people do not become involved in extremist action. For this reason the appropriate interventions in any particular case may not have any specific connection to the threat of radicalisation, for example they may address mental health, relationship or drug/alcohol issues.

11. SAFEGUARDING PUPILS/STUDENTS WHO ARE VULNERABLE TO EXPLOITATION, FORCED MARRIAGE, FEMALE GENITAL MUTILATION, OR TRAFFICKING

11.1 Our safeguarding policy above through the school's values, ethos and behaviour policies provides the basic platform to ensure children and young people are given the support to respect themselves and others, stand up for themselves and protect each other.

11.2 Our school keeps itself up to date on the latest advice and guidance provided to assist in addressing specific vulnerabilities and forms of exploitation.

- 11.3 Our staff are supported to recognise warning signs and symptoms in relation to specific issues, include such issues in an age appropriate way in their curriculum,
- 11.4 Our school works with and engages our families and communities to talk about such issues,
- 11.5 Our staff are supported to talk to families about sensitive concerns in relation to their children and to find ways to address them together wherever possible.
- 11.6 Our Designated Safeguarding Lead knows where to seek and get advice as necessary.
- 11.7 Our school brings in experts and uses specialist material to support the work we do.

12. WHAT WE DO WHEN WE ARE CONCERNED

- 12.1 Where risk factors are present but there is no evidence of a particular risk then our DSL /SPOC advises us on preventative work that can be done within school to engage the pupil into mainstream activities and social groups. The DSL may well be the person who talks to and has conversations with the pupil/student's family, sharing the school's concern about the young person's vulnerability and how the family and school can work together to reduce the risk.
- 12.2 In this situation, depending on how worried we are and what we agree with the parent and the young person (as far as possible) –
- The DSL/SPOC can decide to notify the Multi-Agency Safeguarding Hub (MASH) of the decision so that a strategic overview can be maintained and any themes or common factors can be recognised; and
 - The school will review the situation after taking appropriate action to address the concerns.
- 12.3 The DSL/SPOC will also offer and seek advice about undertaking an early help assessment such as the family Common Assessment Framework (fCAF) and/or making a referral to children's social care. The local family support and safeguarding hub can assist us.
- 12.4 If the concerns about the pupil/student are significant and meet the additional needs/complex need criteria, they will be referred to Croydon Children Social Care. This includes concerns about a child/young person who is affected by the behaviour of a parent or other adult in their household.

13. INVOLVING PARENTS / CARERS

- 13.1 In general, we will discuss any child protection concerns with parents / carers before approaching other agencies, and will seek their consent to making a referral to another agency. Appropriate staff will approach parents / carers after consultation with the Designated Safeguarding Lead. However there may be occasions when the school will contact another agency **before** informing parents/carers because it considers that contacting them may increase the risk of significant harm to the child.
- 13.2 Parents / carers will be informed about our safeguarding policy through the schools website.

14. MULTI-AGENCY WORK

- 14.1 We work in partnership with other agencies in the best interests of the children. The school will, where necessary, liaise with the school nurse and doctor, and make referrals to children's social care. Where the child already has a safeguarding social worker, the request for service should go immediately to the social worker involved, or in their absence to their team manager.
- 14.2 We will co-operate with any child protection enquiries conducted by children's social care: the school will ensure representation at appropriate inter-agency meetings such as integrated support plan meetings initial and review child protection conferences, and core group meetings.
- 14.3 We will provide reports as required for these meetings. If the school is unable to attend, a written report will be sent. The report will, wherever possible, be shared with parents / carers at least 24 hours prior to the meeting.
- 14.4 Where a pupil/student is subject to an inter-agency child protection plan or a multi-agency risk assessment conference (MARAC) meeting, the school will contribute to the preparation, implementation and review of the plan as appropriate.

15. OUR ROLE IN SUPPORTING CHILDREN

- 15.1 We will offer appropriate support to individual children who have experienced abuse or who have abused others.
- 15.2 An individual support plan will be devised, implemented and reviewed regularly for these children. This plan will detail areas of support, who will be involved, and the child's wishes and feelings. A written outline of the individual support plan will be kept in the child's child protection record.

15.3 Children and young people who abuse others will be responded to in a way that meets their needs as well as protecting others within the school community through a multi-agency risk assessment. We will ensure that the needs of children and young people who abuse others will be considered separately from the needs of their victims.

15.4 We will ensure the school works in partnership with parents / carers and other agencies as appropriate.

16. RESPONDING TO AN ALLEGATION ABOUT A MEMBER OF STAFF

See also Croydon Safeguarding Children Board Procedures on [Allegations against Staff and Volunteers](#).

16.1 This procedure should be used in any case in which it is alleged that a member of staff, governor, visiting professional or volunteer has:

- Behaved in a way that has harmed a child or may have harmed a child;
- Possibly committed a criminal offence against or related to a child; or
- Behaved in a way that indicates s/he is unsuitable to work with children.

16.2 Although it is an uncomfortable thought, it needs to be acknowledged that there is the potential for staff in school to abuse children.

16.3 All staff working within our organisation must report any potential safeguarding concerns about an individual's behaviour towards children and young people immediately. Allegations or concerns about colleagues and visitors must be reported direct to the Head Teacher / Principal unless the concern relates to Head Teacher / Principal. If the concern relates to the Head Teacher / Principal, it must be reported immediately to the Assistant Director Safeguarding in children's social care, who will liaise with the Chair of Governors and they will decide on any action required.

17. CHILDREN WITH ADDITIONAL NEEDS

17.1 Hyderi Islamic School recognises that while all children have a right to be safe, some children may be more vulnerable to abuse, for example those with a disability or special educational need, those living with domestic violence or drug / alcohol abusing parents, etc.

17.2 When the school is considering excluding, either fixed term or permanently, a vulnerable pupil and / or a pupil/student who is the subject of a child protection plan or where there is an existing child protection file, we will call a multi-agency risk-assessment meeting prior to making the decision to exclude. In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment *must* be completed prior to convening a meeting of the Governing Body

APPENDICES

APPENDIX ONE

DEFINITIONS AND INDICATORS OF ABUSE

1. NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger; • Ensure adequate supervision (including the use of inadequate care givers); or
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

The following may be indicators of neglect (this is not designed to be used as a checklist):

- Constant hunger;
- Stealing, scavenging and/or hoarding food;
- Frequent tiredness or listlessness;
- Frequently dirty or unkempt;
- Often poorly or inappropriately clad for the weather;
- Poor school attendance or often late for school;
- Poor concentration;
- Affection or attention seeking behaviour;
- Illnesses or injuries that are left untreated;
- Failure to achieve developmental milestones, for example growth, weight;
- Failure to develop intellectually or socially;
- Responsibility for activity that is not age appropriate such as cooking, ironing, caring for siblings;
- The child is regularly not collected or received from school; or
- The child is left at home alone or with inappropriate carers

2. PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

The following may be indicators of physical abuse (this is not designed to be used as a checklist):

- Multiple bruises in clusters, or of uniform shape;
- Bruises that carry an imprint, such as a hand or a belt;
- Bite marks;
- Round burn marks;
- Multiple burn marks and burns on unusual areas of the body such as the back, shoulders or buttocks;
- An injury that is not consistent with the account given;
- Changing or different accounts of how an injury occurred;
- Bald patches;
- Symptoms of drug or alcohol intoxication or poisoning;
- Unaccountable covering of limbs, even in hot weather;
- Fear of going home or parents being contacted;
- Fear of medical help;
- Fear of changing for PE;
- Inexplicable fear of adults or over-compliance;
- Violence or aggression towards others including bullying; or
- Isolation from peers.

3. SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit act of sexual abuse, as can other children.

The following may be indicators of sexual abuse (this is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge;
- Anal or vaginal discharge, soreness or scratching;

- Reluctance to go home;
- Inability to concentrate, tiredness;
- Refusal to communicate;
- Thrush, persistent complaints of stomach disorders or pains;
- Eating disorders, for example anorexia nervosa and bulimia;
- Attention seeking behaviour, self-mutilation, substance abuse;
- Aggressive behaviour including sexual harassment or molestation;
- Unusual compliance;
- Regressive behaviour, enuresis, soiling;
- Frequent or open masturbation, touching others inappropriately;
- Depression, withdrawal, isolation from peer group;
- Reluctance to undress for PE or swimming; or
- Bruises or scratches in the genital area.

4. SEXUAL EXPLOITATION

Child sexual exploitation occurs when a child or young person, or another person, receives “something” (for example food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of the child/young person performing sexual activities, or another person performing sexual activities on the child/young person.

The presence of any significant indicator for sexual exploitation should trigger a referral to children’s social care. The significant indicators are:

- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity);
- Entering and/or leaving vehicles driven by unknown adults;
- Possessing unexplained amounts of money, expensive clothes or other items;
- Frequenting areas known for risky activities;
- Being groomed or abused via the Internet and mobile technology; and
- Having unexplained contact with hotels, taxi companies or fast food outlets.

5. EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in

normal social interaction. It may also involve seeing or hearing the ill treatment of another person. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment

The following may be indicators of emotional abuse (this is not designed to be used as a checklist):

- The child consistently describes him/herself in very negative ways – as stupid, naughty, hopeless, ugly;
- Over-reaction to mistakes;
- Delayed physical, mental or emotional development;
- Sudden speech or sensory disorders;
- Inappropriate emotional responses, fantasies;
- Neurotic behaviour: rocking, banging head, regression, tics and twitches;
- Self harming, drug or solvent abuse;
- Fear of parents being contacted;
- Running away;
- Compulsive stealing;
- Appetite disorders - anorexia nervosa, bulimia; or
- Soiling, smearing faeces, enuresis.

N.B.: Some situations where children stop communication suddenly (known as “traumatic mutism”) can indicate maltreatment.

6. RESPONSES FROM PARENTS

Research and experience indicates that the following responses from parents may suggest a cause for concern across all four categories:

- Delay in seeking treatment that is obviously needed;
- Unawareness or denial of any injury, pain or loss of function (for example, a fractured limb);
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development;
- Reluctance to give information or failure to mention other known relevant injuries;
- Frequent presentation of minor injuries;
- A persistently negative attitude towards the child;
- Unrealistic expectations or constant complaints about the child;
- Alcohol misuse or other drug/substance misuse;
- Parents request removal of the child from home; or

- Violence between adults in the household.

7. DISABLED CHILDREN

When working with children with disabilities, practitioners need to be aware that additional possible indicators of abuse and/or neglect may also include:

- A bruise in a site that might not be of concern on an ambulant child such as the shin, might be of concern on a non-mobile child;
- Not getting enough help with feeding leading to malnourishment;
- Poor toileting arrangements;
- Lack of stimulation;
- Unjustified and/or excessive use of restraint;
- Rough handling, extreme behaviour modification such as deprivation of medication, food or clothing, disabling wheelchair batteries;
- Unwillingness to try to learn a child's means of communication;
- Ill-fitting equipment. for example callipers, sleep boards, inappropriate splinting;
- Misappropriation of a child's finances; or
- Inappropriate invasive procedures.

APPENDIX TWO DEALING WITH A DISCLOSURE OF ABUSE

When a child tells me about abuse s/he has suffered, what must I remember?

- Stay calm.
 - Do not communicate shock, anger or embarrassment.
 - Reassure the child. Tell her/him you are pleased that s/he is speaking to you.
 - Never enter into a pact of secrecy with the child. Assure her/him that you will try to help but let the child know that you will have to tell other people in order to do this. State who this will be and why.
 - Tell her/him that you believe them. Children very rarely lie about abuse; but s/he may have tried to tell others and not been heard or believed.
 - Tell the child that it is not her/his fault.
 - Encourage the child to talk but do not ask "leading questions" or press for information.
 - Listen and remember.
 - Check that you have understood correctly what the child is trying to tell you.
 - Praise the child for telling you. Communicate that s/he has a right to be safe and protected.
 - Do not tell the child that what s/he experienced is dirty, naughty or bad.
 - It is inappropriate to make any comments about the alleged offender.
 - Be aware that the child may retract what s/he has told you. It is essential to record all you have heard.
 - At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
 - As soon as you can afterwards, make a detailed record of the conversation using the child's own language. Include any questions you may have asked. Do not add any opinions or interpretations.
1. NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk. **You have a concern about a child / young person's wellbeing**, based on:
- a. Something the child / young person / parent has told you
 - b. Something you have noticed about the child's behaviour, health, or appearance
 - c. Something another professional said or did

Even if you think your concern is minor, the DCPO may have more information that, together with what you know, represents a more serious worry about a child.

It is never your decision alone how to respond to concerns – but it is always your responsibility to share concerns, no matter how small.

➤ **Decide whether you need to find out more** by asking the child / young person, or their parent to clarify your concerns, being careful to use open questions:

...beginning with words like: 'how', 'why', 'where', 'when', 'who'?

➤ Let the child / young person / parent know what you plan to do next if you have heard a disclosure of abuse or you are talking with them about your concerns. Do not promise to keep what s/he tells you secret.

...for example, 'I am worried about your bruise and I need to tell Mrs Smith so that she can help us think about how to keep you safe'

➤ Inform the DSL immediately. If the DCPO is not available, inform their Deputy. If neither are available, speak to the Head or another senior member of staff. If there is no other member of staff available, you must make the referral yourself.

➤ Make a written record as soon as possible after the event, noting:

- d. Name of child
- e. Date, time and place
- f. Who else was present
- g. What was said / What happened / What you noticed
... speech, behaviour, mood, drawings, games or appearance
- h. If child or parent spoke, record their words rather than your interpretation
- i. Analysis of what you observed & why it is a cause for concern

- ❖ The DSL may take advice from the First Response Service
- ❖ The DSL makes the referral to the First Response Service The referral will note all previous intervention by the school with the child, any relevant history relating to the child, their siblings or the family.
- ❖ The DSL shares information with other relevant professionals, recording reasons for sharing information and ensuring that they are aware of what action the other professionals will take as a result of information shared
- ❖ The DSL informs parent that they have made a CP referral, if the parent does not already know, and if there is no reason not to let them know

...The First Response Service may suggest to delay informing the parent in cases of suspected sexual abuse, or where informing the parent might put the child at further risk, to prevent the child being harmed or intimidated (and retracting their disclosure) ...or in cases of suspected Fabricated or Induced Illness by proxy, the parent is not informed that this is being considered

- ❖ The DSL remains in close communication with other professionals around the child / young person and with the family, in order to share any updates about the child / young person

If a child protection investigation is pursued, the DSL and other key school staff will:

- Work closely and collaboratively with all professionals involved in the investigation, to keep the child / young person safe
- Attend a child protection conference when invited and provide updated information about the child
- Attend any subsequent child protection review conferences.
- Attend core group meetings and take an active role in the implementation of the protection plan.

Children making a disclosure may do so with difficulty, having chosen carefully to whom they will speak. Listening to and supporting a child/young person who has been abused can be traumatic for the adults involved. Support for you will be available from your Designated Safeguarding Lead or Head Teacher / Principal.

School welfare concern form

Use this form to record any concern about a child's welfare and give it to the designated senior person for child protection:

If you suspect the child may be suffering abuse or neglect, or you have received a disclosure of abuse from a child, or you have heard about an allegation of abuse, you must complete the child protection record of concern form instead, and hand it to the designated person today.

APPENDIX THREE

ALLEGATIONS ABOUT A MEMBER OF STAFF, GOVERNOR OR VOLUNTEER

1. Inappropriate behaviour by staff/volunteers could take the following forms:
 - **Physical**
For example the intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
 - **Emotional**
For example intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes that discriminate on the grounds of race, gender, disability or sexuality.
 - **Sexual**
For example sexualised behaviour towards pupils, sexual harassment, sexual assault and rape.
 - **Neglect**
For example failing to act to protect a child or children, failing to seek medical attention or failure to carry out an appropriate risk assessment.
2. If a child makes an allegation about a member of staff, governor, visitor or volunteer the Head Teacher / Principal should be informed immediately. The Head Teacher / Principal should carry out an urgent initial consideration in order to establish whether there is substance to the allegation. The Head Teacher / Principal should not carry out the investigation him/herself or interview pupils.
3. The Head Teacher / Principal must exercise, and be accountable for, their professional judgement on the action to be taken, as follows –
 - If the actions of the member of staff, and the consequences of the actions, raise credible child protection concerns the Head Teacher / Principal will notify the Local Authority Designated Officer (LADO) Team. The LADO Team will advise about action to be taken and may initiate internal referrals within children's social care to address the needs of children likely to have been affected.
 - If the actions of the member of staff, and the consequences of the actions, do not raise credible child protection concerns, but do raise other issues in relation to the conduct of the member of staff or the pupil(s), these should be addressed through the school's own internal procedures.
 - If the Head Teacher / Principal decides that the allegation is without foundation and no further formal action is necessary, all those involved should be informed of this conclusion, and the reasons for the decision should be recorded on the child protection file.

4. Where an allegation has been made against the Head Teacher / Principal, then the Chair of the Governing Body takes on the role of liaising with the LADO team in determining the appropriate way forward. For details of this specific procedure see the Section on [Allegations against Staff and Volunteers](#) in the procedures of Croydon Safeguarding Children Board.

APPENDIX FOUR

INDICATORS OF VULNERABILITY TO RADICALISATION

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:
Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
3. Extremism is defined by the Crown Prosecution Service as: The demonstration of unacceptable behaviour by using any means or medium to express views which:
 - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
 - Seek to provoke others to terrorist acts;
 - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
 - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
5. Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.
6. Indicators of vulnerability include:
 - Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;

- Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
- Personal Circumstances – migration; local community tensions; and events affecting the student / pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- Unmet Aspirations – the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
- Special Educational Need – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

8. More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

APPENDIX FIVE

**PREVENTING VIOLENT EXTREMISM -
ROLES AND RESPONSIBILITIES OF THE SINGLE POINT OF CONTACT
(SPOC)**

The SPOC for Hyderi Islamic School is Mrs Aoni Hussain/Shabniz Kaaba, who is responsible for:

- Ensuring that staff of the school are aware that you are the SPOC in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Maintaining and applying a good understanding of the relevant guidance in relation to preventing students/pupils from becoming involved in terrorism, and protecting them from radicalisation by those who support terrorism or forms of extremism which lead to terrorism;
- Raising awareness about the role and responsibilities of Hyderi Islamic School in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Monitoring the effect in practice of the school's RE curriculum and assembly policy to ensure that they are used to promote community cohesion and tolerance of different faiths and beliefs;
- Raising awareness within the school about the safeguarding processes relating to protecting students/pupils from radicalisation and involvement in terrorism;
- Acting as the first point of contact within the school for case discussions relating to students / pupils who may be at risk of radicalisation or involved in terrorism;
- Collating relevant information from in relation to referrals of vulnerable students / pupils into the Channel* process;
- attending meetings as necessary and carrying out any actions as agreed;
- Sharing any relevant additional information in a timely manner.
